

Instructions:

1. Cut out both wheels; 1 back wheel and 1 front wheel (design of your choice)
2. Make sure you cut the following parts of the front wheel: bottom inner rectangles and top curve
3. Place both wheels on top of each other (making sure the front wheel is on top on the back wheel)
4. Pin both wheels with a paper fastener right on the centre moon (as shown below)
5. Rotate wheel anti-clockwise to reveal the Islamic calendar months in order
6. Enjoy!
